2008 Winter FRED Event

Night at the Arizona Science Center

Phoenix, Arizona

Monday, January 14 6:00 - 9:00 PM

Hosted By: **COBANK**

On Monday Night, 400 OPASTCO convention attendees and guests discovered the Arizona Science Center in downtown Phoenix. All those in attendance had the opportunity to feast on cuisine from around the world. Six themed stations offered a taste of France, Italy, Greece, Mexico, United States and the Orient. Following dinner members and guests indulged in a variety of desserts and gourmet coffee.

Attendees mixed and mingled while taking in all that the Arizona Science Center had to offer. Some started off the night by exploring the hands-on exhibits, while others learned their fate aboard the Titanic exhibit. Most guests finished the night by journeying to the bottom of the sea in the IMAX Theater.

Thanks to the generous support of CoBank, the Grand Sponsor of FRED's Evening at the Arizona Science Center, and many other sponsors, more than \$27,000 was raised for FRED programs.
